This plat represents a retracement and reestablishment of a portion of the subdivisional lines, designed to restore the corners in their true original location according to the best available evidence; and the partial subdivision of section 21, T. 23 S., R. 7 W., Willamette Meridian, Oregon. The lottings and areas are as shown on the plat approved December 13, 1858, and February 21, 1863.

The west four tiers of sections of the township were surveyed by Thomas A. Hutchinson in 1858. The line between sections 16 and 21 was re-surveyed by Thomas A. Tillman in 1957. At that time he remonumented the corner of sections 21 and 22, on the left side of the Umpqua River. The corner of sections 21, 22, 27, and 28, was remonumented by Floyd A. Brooks in 1961.

Dependent resurvey and subdivision of section 21, T. 23 S., R. 7 W., Willamette Meridian, Oregon, executed by Floyd A. Brooks, June 18 to July 19, 1963, under Special Instructions dated June 14, 1963, which provide for the surveys included under Group No. 518, Oregon.
