5/8" Iron rod 30" long with plastic cap marked
Stuntzner Engr. bears S.13°W., 5.93 ft.

Replaced the iron pipe and brass cap back to the position it was in before the area was logged. We used the 5/8" iron rods that we set prior to the logging to reference the corner back in place. Placed the same monument that we removed back in a new mound of stones.

Corner falls on rocky spur ridge in logged off area.
