Douglas Co. Surveyors Office - Gary L. Langlitz and Peter L. Earle, crew - April 28, 1975 - C.S. File 57/21-13

Found - 3/4" Iron pipe, firmly set.
16" D.Fir stump, rotten, bears N.1 1/2°W., 26.2 ft., 25.8 ft. to face, (Rec. S.4 3/4°W., 25.8 ft.) scribing "BT" visible on unhealed blaze.
16" D.Fir now an 18" snag, approx. 15 ft. tall and rotten, bears S.53°E., 13.8 ft., 13.3 ft. to face, (Rec. N.53°E., 13.3 ft.) showing a well healed double blaze. We open the upper blaze and find scribing "1/4S". Note We deface the erroneous bearing shown on an old location poster attached to this BT. We could not determine the reason for the discrepancy shown in the bearings.
The blazes on the found BTs do face the location of the iron pipe; the area immediately around the corner has not been severely disturbed.

At the corner point as determined by the location of the found 3/4" iron pipe, We set a 1" x 30" Iron pipe with brass cap attached mkd: County Surveyors Office
