Resurvey - Wm. Thiel, under Contract dated Feb. 5, 1889 (DLC Volume, page 695 & 701)

The post for this corner is gone, the remains of a Maple, corresponding in size, bearing & distance with the description in the field notes of orig. survey are still here; I further verify this location by running from witness corner of NW cor. of claim 41, an offset North 4 chs. thence East 20.00 chs to line bet. secs. 7 & 8, which I intersected 2225 lks South of ¼ sec. post. I restore this corner by setting a basalt stone 10x8x7", 7" in the ground marked 39 on NW face, (pg. 701 marked 42 on SE face) and raised a mound of stone alongside, from which

A Balm, 16" dia., bears S.11°W., 147 lks., mkd: T30S R4W C39 on NW face. BT
