46.00	Creek, 6 lks., course E.	
64.00	Rocky spur along E. slope.	+250
78.00	Spur, course E.	
	From my chaining in my meanders of this section, the E. bdy. appears to be nearly 2 chs. too short. It would therefore be impracticable to run a random line E. from the end of 80 chs. I therefore at 78.50 set a temp. cor. and go to the cor. to secs. 16, 17, 20 & 21 & run a true line West meeting the W. bdy. of sec. 17, 30 lks. N. of temp. cor. and at point of intersection	
78.20	I marked a stone in place 20x18x8 ins. above ground with cross (x) at exact cor. point with 3 notches on S. & 5 notches on E. for cor. to secs. 17, 18, 19 & 20, from which A fir, 4 ins. diam., bears N.88*E. 50 lks. dist. marked T 22 S R 10 W S 17 B T. A cedar, 6 ins. diam., bears S.69*E. 40 lks. dist. marked T 22 S R 10 W S 20 B T.
