

SUBDIVISIONS OF T. 22 S. R. 12 W. W.M.

CHAINS		
	Latitude 43°38'N.	
	East on a Random line bet. Secs. 22 and 27.	
	Va. 20°15'E.	
40.00	Set Temp. $\frac{1}{4}$ Sec. post.	
80.75	Intersect N. and S. line 7.75 chs. South of cor. to Secs. 22, 23, 26 and 27.	
	There being so much difference I re-measure the line North bet. Secs. 22 and 23., and find it to be 36.14 chs. to the $\frac{1}{4}$ Sec. cor. and 74.23 chs. to the cor. of Secs. 14, 15, 22 and 23, this with a prior loss of 1.80 chs. on the section N. accounts for my falling off. The error in chaining of sec. 23 was caused by new hands and a rainstorm, prevailing all day, as settler Richards informs me, who was present.	
	Thence I run S.84°28'W. on true line bet. Secs. 22 and 27.	
	Va. 20°15'E.	
	Descend.	
.30	A canyon, course N., begin ascent.	-40
7.50	Dividing ridge between waters flowing into Schofield River and into the Lakes, bears NW and SE., descend along S. slope.	+250
10.50	Fine Fir Timber.	
23.50	A canyon, course S., ascend short point.	-500
27.00	Canyon, course N.80°W., begin ascent.	-60
29.25	Top of rise on N. point., begin descent.	+75
32.50	Canyon, same as before bears S.80°W., ascent	
35.50	A canyon, course SE.	+60
40.56	A Cedar, 36 ins., diam., which I mark $\frac{1}{4}$ S. on N. face, from which A Fir, 40 ins. diam., bears N.70°E., 14 lks. dist., marked $\frac{1}{4}$ S. B.T. A Fir, 30 ins. diam., bears S.80°W., 13 lks. dist., marked $\frac{1}{4}$ S. B.T.	+60
