

## SUBDIVISIONS OF T. 22 S., R. 12 W.

CHAINS

contiguous East and West has been under improvement for years and the dairy business especially has been developed to a high state.

There are settlers in the sections here surveyed:

Henry Winters with wife and eight children live in Sec. 13, and has made his home here for nine years. This farm has been improved with much cultivated land, meadows, numerous buildings, orchards and berry patches. A fine dairy with numerous herds. Fifty acres under cultivation.

A. Christopherson has his improvements in Sec. 24.

He has made this his home for some time and has many improvements made and under way. The following is an estimate of his improvements: Land cleared 2- $\frac{1}{2}$  acres; Fence 864 feet. Garden  $\frac{1}{2}$  acre; One 2 room house; woodshed; Sheep House, Chicken House and Woodshed. Cost of labor and material on buildings \$300.00. He has a bridge, irrigation ditch, boat, sheep, orchard, berry patches and carpenter tools.

Charles A. Slang,

U. S. Deputy Surveyor.
