County Surveyor's Record, Douglas County, Oregon

East Boundary of T. 25 S., R 1 W., W.M.,
as surveyed by Carl S. Nicklin, U.S. Deputy Surveyor, under
Contract No. 664 dated May 23, 1896.

CHAINS

Timber, fir, hemlock, cedar, pine, maple, chinquapin,
oak, alder, madrona and yew.

Dense undergrowth of winemaple, rhododendron, mountain
balm, hazel, hemlock, fir, cedar and sallal-berry.

Land, mountainous and covered with dense undergrowth,
80.00 chs.

July 16, 1896

No officer authorized to administer oaths, other than
myself, being available, without great delay and
expense, I administer the required preliminary and
final oaths of assistants, Oakland, the nearest town
being forty miles dist.

GENERAL DESCRIPTION:

Townships 24 and 25 South, Ranges 1 East and 1 West
are all extremely rough and mountainous, soil is of
no productive value, generally being rocky, the tim-
ber is scattering, and undergrowth is dense, through-
out the whole area. This tract, lying in a mining
district, leads of quartz formation are at intervals.
Some good land on McKinley Creek bottom, but the
altitude of those places is too great to render
cultivation practicable.

Carl S. Nicklin,

July 16, 1896.

U.S. Deputy Surveyor.

Resurvey of the
East Boundary of T. 25 S., R 2 W., W.M., as surveyed
by Hezekiah H. Johnson, Deputy Surveyor, under Contract
No. 721, dated May 1, 1900.

Preliminary to commencing the subdivision of this Tp.,
I run North on a blank line on the E boundary of sec.
36; at 40 chs. I am unable to find any trace of the
 $\frac{1}{4}$ sec. cor., and at 80 chs., no trace of the cor. of
secs., 25, 30, 31, and 36 can be found.
