

Resurvey of East Boundary of T. 25 S., R 2 W., W.M.

CHAINS

I therefore continue my line North, but find no trace of any line or corners, and at 513.40 chs., I intersect the North boundary of Tp., 14.05 chs. E of the cor. of Tps., 24 and 25 S R 1 W and as neither township bounded by this line has been subdivided, I resurvey the range line between them as follows:

June 21st at 7 H A.M., l.m.t., I set off 43°20' on the lat. arc 23°28'N., on the decl. arc and determine a true meridian with the solar at the cor of Tps. 25 and 26 S Rs. 1 and 2 W.

Thence I run

North bet. secs. 31 and 36 over rolling ground through heavy timber and dense undergrowth, along E. slope of ridge.
