

Retracement-Reestablishment of N. Bdy. of T. 26 S., R. 2 W.

CHAINS

From $\frac{1}{4}$ sec. cor. on N. line of sec. 4, I retrace N.89*47'W., continuing on N. line of sec. 4.

3.73 Stream, 2 lks. wide, course NE.; begin gradual ascent on N. slope through heavy fir and pine timber and dense undergrowth.

32.60 Top of ascent on N. slope; begin descent.

39.66 Intersect the cor. of secs. 4 and 5, which is a post, marked and witnessed as described by the surveyor general. The post being nearly decayed and the fir bearing tree, 18 ins. diam., bearing S.20*W., 27 lks. being dead and broken, I destroy this cor. and re-establish it in the same place, as follows:

Set a dogwood post, 3 ft. long, 4 ins. sq. 24 ins. in the ground, for cor. of secs. 4 and 5, marked T 26 S S 4 on SE. and R 2 W S 5 on SW. face, with 4 notches on E. and 2 notches on W. edges; from which

A fir, 24 ins. diam., bears N.65*E., 28 lks. dist.

Marked T 25 S R 2 W S 33 B T (Original bearing tree)

A fir, 24 ins. diam., bears S.10*E., 22 lks. dist.

Marked T 26 S R 2 W S 4 B T (Original bearing tree)

A yew, 6 ins. diam., bears S.60*W., 51 lks. dist.

Marked T 26 S R 2 W S 5 B T

A fir, 36 ins. diam., bears N.55*W., 5 lks. dist.

Marked T 25 S R 2 W S 32 B T

The true course and distance of this line from the $\frac{1}{4}$ sec. cor. is N.89*47'W., 39.66 chs.

Elevation 2800 ft.

Land, mountainous with N. slopes.

Soil, sandy loam; 2nd rate

Timber, old growth, rather scattering due to old fires.

Undergrowth, dense thicket of fir about 20 years old, mingled with willow, dogwood and vine maple.
