

Retracement of the 6th Standard Parallel S., thru R. 2 W.

CHAINS

At the Standard cor. of Secs. 31 and 32.

Thence I run

West, retracing the S boundary of Sec. 31.

Over mountainous land through dense underbrush and timber.

40.10 The Standard $\frac{1}{4}$ Sec. cor. which is a post, firmly set, marked and witnessed as described by the Surveyor General, bears S 10 lk. dist. I now change this cor. to an angle point as follows: cut out all marks and remark A P on N face, then cut out all bearing trees and remark A P B T. The course of this line is S.89°51'W., and the length is 40.10 chs.

80.55 The cor. of Tps. 27 and 28 S., Ranges 2 and 3 W., (which is a post, firmly set, marked and witnessed as described by the Surveyor General), bears S 8 lks. dist.

The course of this line, from the $\frac{1}{4}$ Sec. cor., is N.89°58'W., and the length is 40.45 chs.

Land, mountainous.

Soil, 2nd rate.

Timber, heavy Fir and Hemlock.

Dense undergrowth of little Fir and Hemlock.

September 14, 1911.

Retracement of the West Boundary of T. 27 S., R. 1 West, Same Deputy and Contract.

At the Standard cor. of Tps., 27 S., Ranges 1 and 2 W., previously described.

Thence I run

North, retracing W boundary Sec. 31.

Ascend steep rocky mountain, through dense little Fir.

4.60 Rocky cliff, almost inaccessible, 400 ft. high, bears E and W.
