45.00	Branch 12 lks. wide, co. S.	
77.65	Branch 3 lks. wide, co. S.	+300
80.90	To sec. cor.	+30
	Land about the same as last mile. Oct. 7th, 1857.	
	<p>This fractional township is very hilly generally. There is a narrow strip along Myrtle Creek adapted to agricultural purposes, and many of the hills are open and afford good pasturage.</p> <p>The balance of the township is too broken and mountainous for settlement or cultivation. The timber is principally fir, cedar, laurel and maple.</p>
