

Subdivisions of T 30 S., R. 4 W.

CHAINS 19.50	Leave this branch; follow N. slope of hill about 25 lks. S. of branch.	
28.00	Same branch turns N.	
39.65	Set a Chinquapin post, 3 ft. long, 3 ins. sq., 24 ins. in the ground, for $\frac{1}{4}$ Sec. Cor., marked $\frac{1}{4}$ S on N. face, from which A Fir, 15 ins. diam., bears N.38°E., 16 lks. dist., marked $\frac{1}{4}$ S B T. A Fir, 24 ins. diam., bears S.19°W., 38 lks. dist., marked $\frac{1}{4}$ S B T. I could not find the old post, nor either of the bearing trees, described in the field notes of original survey. There is no evidence of there ever having been an Oak tree growing here in the neighborhood, neither have I seen a blaze at either end of the line. Var. 19°35'E. Continue descending through Fir timber.	-50
45.00	A branch, course N., 3 lks. wide, shows quartz favoravle for gold deposits. There has been some mining done at the lower end of the stream; begin ascent.	-120
57.50	Top of spur, course N. and S. with heavy underbrush; begin descent.	+100
69.00	A gulch, course N.; begin ascent.	-120
72.00	Top of ascent; begin descent.	+50
79.30	The Cor. to Secs. 21, 22, 27 and 28. Land, mountainous. Soil, coarse gravel; 3d rate. Timber, Fir, Laurel and Chinquapin. Undergrowth, small Firs and Laurels.	-50
	May 14, 1889. Var. 19°15'E.	
	North, on a random line between Secs. 21 and 22.	
39.67	$\frac{1}{4}$ Sec. Cor. bears East, 138 lks.	
79.07	Intersect North Bdy. of Sec. 21, 251 lks. W. of Cor. to Secs. 15, 16, 21 and 22. The post set for this corner is gone, but 3 of the original bearing trees in Secs. 15, 21 and 22, corresponding to the description given
