

Dependent Resurvey of a Portion of the South Boundary
of T. 20 S., R. 8 W.

CHAINS

Undergrowth, vine maple, hazel, evergreen huckleberry, arrowwood, slickleaf, poison oak, salal, bracken, red huckleberry, and Oregon grape.

Dependent Resurvey of a Portion of the E. Bdy. of
T. 20 S., R. 8 W.
(Restoring the 1883 survey of William P. Wright)

After careful investigation, it is developed that Todd's recorded retracement of this line is fictitious except for ties between closing corners and section corners, the purpose being to justify his own work and to create a limiting boundary for T. 20 S., R. 7 W., and is therefore rejected as a suitable basis for restoration of the lost $\frac{1}{4}$ sec. Corner of sec. 25.

From the cor. of Tps. 20 and 21 S., R. 8 W., on the W. bdy of
T. 21 S., R. 7 W.

N. 0° 23' E., along the E. bdy. of sec. 36, marking and blazing
the true line.

Ascend 81 ft. along broken W. slope, through heavy timber and
dense undergrowth.

11.05 Top of ascent on W. slope; desc. 60 ft. over NW. slope.

13.85 A branch, 3lks. wide, course SW.; asc 92 ft. over S. slope.

16.43 The cor. of Tps. 20 and 21 S., R. 7W., on the E. bdy. of
T. 20 S., R. 8W., determined at the record bearing and distance
from the remaining bearing tree, marked by Todd, in 1891, as
follows:

A fir, 26 ins. diam., bears N.38°E., 55 lks. dist., plainly
blazed and healed.

At the corner point

Set an iron post, 3 ft. long, 3 ins. diam., 28 ins. in the ground,
with brass cap marked

	T 20 S	
	R 7 W	
T 20 S	S 31	
R 8 W	S 6	
S36	T 21 S	
		1950

from which a new bearing tree

A fir, 10 ins. diam., bears S.89 $\frac{1}{2}$ °E., 60 lks. dist.,
marked T21S R7W S6 BT.

N. 1° 51' E., beginning new measurement.

Ascend 160 ft. over S. slope, changing to SW. slope.

6.65 Top of ascent on W. slope; desc. 29 ft. over NW. slope.

11.90 A ravine, course SW.; asc 255 ft. over S. slope, changing to
SW. slope.

20.49 The $\frac{1}{4}$ sec. cor. of sec. 36, determined at the record bearing from
each of the original bearing trees as follows:

A fir, 50 ins. diam., bears S.60°E., 38 lks. dist., marked
on the bark BT $\frac{1}{4}$. (Record, 36 lks. dist.)
