The cor. of secs. 19 and 30 was utilized for control by Oscar F. Thiel, in 1897, who identified this original corner when the post was intact and in position, and Thiel changed the call for same to the cor. of secs. 19 and 30; from which the original Wheeler bearing trees are as follows:

A fir, 16 ins. diam., bears N. 17½° E., 74 lks. dist., mkd. T 24 S R 3 S 18 BT, beneath 67 years overgrowth. (Record bearing N. 38° E.) I add the scribe marks S 19 on the old blaze of this bearing tree.
