Survey of part of Subdivisional Lines of Sec. 18

CHAINS

A fir, 20 ins. diam., bears S. 42° W., 67 lks. dist., mkd. SW 1/16 S 18 B T.

Continue asc. 37 ft.

25.40 Ridge, bears E. and W.; desc. 455 ft. over NW. slope.

39.55 The center W. 1/16 sec. cor. of sec. 18.

From the S. 1/16 sec. cor. of secs. 13 and 18, on the W. bdy. of the Tp.

N. 88° 19' E., on a true line, through the center of the SW. 1/4 of sec. 18.

Asc. 242 ft. over SW. slope, through dense timber and undergrowth.

20.13 The SW. 1/16 sec. cor. of sec. 18.

Continue asc. 42 ft.

39.98 The center S. 1/16 sec. cor. of sec. 18.

Segregation Survey in Sec. 18, T. 22 S., R. 8 W.

Patent No. 1022689 calls for a subdivision of lot 7, sec. 18, T. 22 S., R. 8 W., as follows: "Thirty-five acres of lot 7, being all of said lot 7, which contains 40.52 acres, except that part described by beginning at a point on the west boundary of said lot and running 22 rods south of the north-west corner of said lot; thence northeasterly in a direct line to the northeast corner of said lot; thence west along the north line of the lot to the northwest corner of said lot; thence south to the place of beginning, said exception containing 5.52 acres."

This survey, for the purpose of subdividing lot 7 as above described, divides said lot into two parts which will hereafter be designated as lot 9 and patented part of old lot 7.

From angle point No. 1, set on the W. bdy. of sec. 18, 5.50 chs. S. 0° 55' E. from the reestablished 1/4 sec. cor. of secs. 13 and 18, as heretofore described.

N. 73° 13' E., on a true line, through old lot 7.

Along NW. slope of hill, about 70 ft. above level valley bottom, through dense timber and undergrowth.

20.55 The center W. 1/16 sec. cor. of sec. 18, NE. cor. of new lot 9.

November 4, 1931: At my camp, near the cor. of secs. 7, 12, 13, and 18, at 8h 00m a.m., app. t., I set off 43° 40' N. on the lat. arc; 15° 09' S., on the decl. arc; and orient the instrument with the solar; the line of sight agrees; as nearly as may be determined with open sights; with the meridian established by Polaris observation.

At 4h 00m p.m., app. t., I set off 43° 40' N. on the lat. arc; 15° 15' 15" S. on the decl. arc; and repeat the test of the solar; the line of sight agrees; as nearly as may be determined with open sights; with the meridian determined by Polaris observation.
