

County Surveyor's Record, Douglas County, Oregon

16128

T. 25 S., R. 8 W., Willamette Meridian, Oregon

CHAINS

The following field notes are those of the dependent resurvey of a portion of the south boundary, township 24 south, range 8 west, and a portion of the south boundary, township 24 south, range 9 west, and a portion of the west boundary and subdivisional lines, and subdivision of section 5, township 25 south, range 8 west, Willamette Meridian, Oregon.

The history of surveys pertaining to this resurvey, is as follows:

The east 20 chains of the south boundary of township 24 south, range 8 west, was surveyed by Dennis Hathorn, in 1857.

The east 20 chains was retraced and the survey of the south boundary of township 24 south, range 8 west, was completed, and the south boundary of township 24 south, range 9 west, was surveyed by William H. Byars, in 1878.

The east two miles of the north boundary was retraced and a portion of the subdivisional lines of township 25 south, range 8 west, were surveyed by Samuel C. Flint, in 1881.

The west three miles of the south boundary of township 24 south, range 8 west, was retraced by Henry L. Chandler, in 1893: considerable error was found in the Byars survey and new corners were established for township 24 south, range 8 west.

The east boundary of township 25 south, range 9 west, was surveyed by Charles L. Campbell, in 1902.

The east boundary of township 25 south, range 9 west, the west four miles of the south boundary of township 24 south, range 8 west, and the east one-half mile of the south boundary of township 24 south, range 9 west, were retraced, and the survey of the subdivisional lines of township 25 south, range 8 west, was completed by Morris Wygant, compassman for Zachariah M. Derrick, in 1911. While retracing the east boundary of township 25 south, range 9 west, Wygant found the closing corner of township 25 south, ranges 8 and 9 west, established by Campbell to be 26.55 chains south of the south boundary of township 24 south, range 9 west. Wygant then surveyed north to intersection and established a new closing corner.

The south boundary of section 34, township 24 south, range 8 west, was dependently resurveyed and the corner of townships 24 and 25 south, ranges 7 and 8 west, was remonumented without survey by Harold D. Corbin, in 1959.

The south boundary of section 33, township 24 south, range 8 west, was dependently resurveyed by C. Albert White, and Donald R. Beck, in 1962.

A portion of the east boundary and subdivisional lines of township 25 south, range 8 west, was dependently resurveyed, and certain original corner points were remonumented without survey by Donald R. Beck and John M. Jelley, in 1964-65.

A portion of the west boundary and subdivisional lines of township 25 south, range 8 west, was dependently resurveyed by James E. Jelley and Jack W. Bowder, in 1972.
