

County Surveyor's Record, Douglas County, Oregon

16600

T. 33 S., R. 5 W., Willamette Meridian, Oregon

CHAINS

Preliminary to the resurvey, the lines of the original surveys were retraced and search was made for all corners and other calls of record. Identified corners were remonumented in their original positions. Lost corners were reestablished and remonumented at proportionate positions, based on the official record. The retracement data were thoroughly verified and only the true line field notes are given herein. Only those lines bounding or crossing public lands were blazed. All lines not forming a closure were measured twice to preclude error.

The geographic position of the corner of sections 27, 28, 33, and 34, as scaled from the Glendale, Oregon quadrangle map, published by the United States Geological Survey, in 1954, is as follows:

Latitude 42° 40.0' N. Longitude 123° 17.3' W.

The mean magnetic declination is 19° 30' E.

Dependent Resurvey of a Portion of the Subdivisional Lines
T. 33 S., R. 5 W., Willamette Meridian, Oregon

(Restoring the surveys by James S. Howard,
U. S. Deputy Mineral Surveyor, in 1887,
the survey by Edward F. Sharp,
U. S. Deputy Surveyor, in 1893-94,
and the remonumentation by Joseph S. Gawron,
John M. Jelley, Rollin D. Aanrud, Lynn M. Roseberry,
and Larry D. Evans, Cadastral Surveyors,
in 1963-74)

Beginning at the cor. of secs. 27, 28, 33, and 34, monumented with an iron post, 2 1/2 ins. diam., firmly set, projecting 6 ins. above ground, and in a mound of stone, 3 ft. base, to top, with brass cap mkd.

from which the remaining original bearing trees

A ponderosa pine, 55 ins. diam., bears S. 3 3/4° E., 197 lks. dist., with burned blaze, no marks visible. (Record, S. 3° E.)

A fir, 32 ins. diam., bears S. 73 1/2° W., 289 lks. dist., with burned blaze, no marks visible. (Record, S. 66° W., 276 lks.)

A ponderosa pine, 41 ins. diam., bears N. 66 1/4° W., 180 lks. dist., with illegible scribe marks visible on partially healed blaze. (Record, N. 66° W.)

and bearing trees mkd. by Gawron, Jelley, and Aanrud

A fir, 9 ins. diam., bears N. 82° E., 38 lks. dist., with fragmentary scribe marks visible on partially healed blaze. (Record, N 83° E.)
