

County Surveyor's Record, Douglas County, Oregon

17076

T. 29 S., R. 9 W., Willamette Meridian, Oregon

CHAINS

under Group Number 976, Oregon, Special Instructions dated September 13, 1979, under Group Number 996, Oregon, and Special Instructions dated March 8, 1982, under Group Number 1091, Oregon.

The directions of the lines were determined by deflections from azimuths obtained by direct solar observations and refer to the true meridian.

Preliminary to the resurvey, the lines of the original survey were retraced and search was made for all corners and other calls of the record. Identified corners were remonumented in their original positions. The retracement data were thoroughly verified and only the true line field notes are given herein. Only those lines bounding or crossing public lands were blazed. All lines not forming a closure were measured twice.

The geographic position of the corner of townships 29 south, ranges 9 and 10 west, as determined by a tie to triangulation station "CAMAS 2", established by the United States Coast and Geodetic Survey in 1942, is as follows:

Latitude 42° 59' 48.5" N. Longitude 123° 49' 13.5" W.

The mean magnetic declination is 19°00' E.

Dependent Resurvey of a Portion of the South Boundary,
T. 29 S., R. 9 W., Willamette Meridian, Oregon

(Restoring the survey by Dennis Hathorn in 1855, the remonumentation by William M. Bushey in 1893, the retracement by William M. Porter in 1909, and the remonumentation by James E. Jelley in 1962)

Beginning at the cor. of secs. 5, 6, 31, and 32, Tps. 29 and 30 S., R. 9 W., monumented with an iron post, 2 1/2 ins. diam., firmly set, projecting 2 ins. above ground, with brass cap mkd.

S 31	S 32
S 6	S 5
T 30 S	
1962	

from which the remains of the bearing trees mkd. by Bushey

A burned and decayed fir snag, 34 ins. diam., bears N. 80° E., 102 lks. dist., no marks remaining.

A burned and decayed fir snag, 43 ins. diam., bears S. 29 3/4° E., 49 1/2 lks. dist., no marks remaining. (Record, S. 34 3/4° E.)

A decayed fir snag, 43 ins. diam., bears S. 60° W., 76 lks. dist., with scribe marks T3 R9 S6 visible on burned blaze.

A decayed fir snag, 45 ins. diam., bears N. 38 1/2° W., 42 lks. dist., no marks remaining.

and bearing trees mkd. by Jelley
