

County Surveyor's Record, Douglas County, Oregon

17894

T. 26 S., R. 3 W., Willamette Meridian, Oregon

CHAINS

The following field notes are those of the dependent resurvey of a portion of the subdivisional lines and subdivision of section 15, township 26 south, range 3 west, Willamette Meridian, Oregon

The history of the surveys pertaining to this resurvey is as follows:

A portion of the subdivisional lines was surveyed by Addison R. Flint, U.S. Deputy Surveyor, in 1855.

A portion of the subdivisional lines was surveyed by William H. Byars, U.S. Deputy Surveyor, in 1877.

A portion of the subdivisional lines was surveyed by Samuel C. Flint, U.S. Deputy Surveyor, in 1882.

A portion of the subdivisional lines was resurveyed by Fred Mensch, U.S. Cadastral Engineer, in 1924.

A portion of the subdivisional lines was resurveyed by C. Albert White, Donald R. Beck, and Patrick J. Reynolds, Cadastral Surveyors, in 1962-63.

A portion of the subdivisional lines was resurveyed by Daniel L. Berry, G. Steven Popken, and James J. Carlson, Cadastral Surveyors, in 1972-75.

The survey was executed in accordance with the specifications as set forth in the Manual of Surveying Instructions, 1973, and the Special Instructions dated April 30, 1984, for Group Number 1207, Oregon.

The directions of the lines refer to the true meridian as determined by deflections from azimuths obtained by direct solar observations.

Preliminary to the resurvey, the lines of the original surveys were retraced and search was made for all corners and other calls of the record. The retracement data were thoroughly verified and only the true line field notes are given herein. Only those lines bounding or crossing public lands were blazed.

The geographic position of the 1/4 section corner of sections 10 and 15, as determined from a direct tie to Douglas County Horizontal Control Station "SWIFTWATER" is as follows:

Latitude 43° 18' 56.0" N. Longitude 123° 02' 20.0" W.

The mean magnetic declination is 19½° E.

Dependent Resurvey of a Portion of the Subdivisional Lines,
T. 26 S., R. 3 W., Willamette Meridian, Oregon

(Restoring the 1882 survey by Samuel C. Flint, and the 1962-63 resurvey by C. Albert White, Donald R. Beck, and Patrick J. Reynolds)
