

# County Surveyor's Record, Douglas County, Oregon

Subdivision of Section 25,  
T 30 S., R. 8 W., Willamette Meridian, Oregon

18115

CHAINS	
74.00	Gravelled road, 30 lks. wide, bears N. 25° E. and S. 40° W.
79.64	The ¼ sec. cor. of secs. 25 and 26.
	From the W 1/16 sec. cor. of secs. 25 and 36.
	N. 0° 26' E., on the N. and S. center line of the SW¼ of sec. 25.
	Ascend over SW. slope, through heavy timber and dense undergrowth.
4.80	Spur, slopes S. 70° W.; desc. over broken NW. slope.
39.00	Creek, 3 lks. wide, course S. 70° W.; asc. over SE. slope.
39.72	The center W 1/16 sec. cor. of sec. 25.
	From the center N 1/16 sec. cor. of sec. 25.
	S. 88° 32' W., on the E. and W. center line of the NW¼ of sec. 25.
	Descend over broken SW. slope, through heavy timber and dense undergrowth.
4.15	Ravine, drains S. 30° W.; asc. over broken SE. slope.
18.90	Ridge, bears NE. and SW.; desc. over broken NW. slope.
39.20	Ravine, drains N.; asc. over NE. slope.
39.99	The N 1/16 sec. cor. of secs. 25 and 26.
	<b>GENERAL DESCRIPTION</b>
	The area covered by this resurvey lies in Douglas County approximately 12 miles southwest of the town of Riddle, Oregon. The area is drained by Olalla Creek and Table Creek to the south and Beery Creek to the northwest, with numerous other small and seasonal drainages. The access into the area is via Olalla Creek Road and numerous paved, gravelled, and dirt roads branching from it into the area.
	Elevations range from approximately 1700 feet above sea level near the corner of sections 3 and 4, to about 2700 feet above sea level near the ¼ section corner of sections 25 and 30.
	Timber consists of fir, hemlock, cedar, pine, yew, alder, oak, madrone, chinquapin, willow, maple, cherry, and dogwood. The undergrowth consists of ferns, salal, poison oak, vine maple, ceanothus, manzanita, blackberry, huckleberry, salmonberry, wild rose, arrowwood, hazel, Oregongrape, and young timber. The area is used for timber and recreation.
	The soil consists of a rocky clay. There were no mineral deposits noted along the lines resurveyed.
	The magnetic declination, as shown on the United States Geological Survey quadrangle map "DUTCHMAN BUTTE, OREG.," 15 minute series, prepared in 1946, is 20° 30' E.
