

County Surveyor's Record, Douglas County, Oregon

T. 21 S., R. 4 W., Willamette Meridian, Oregon

18619

CHAINS

No mineral deposits were noted along the lines resurveyed. The lands are used for timber primarily, with some of the bottom land used for agriculture and dwellings.

The average of readings in the area gives a value of $18^{\circ} 45'$ E., for the mean magnetic declination. There is a range of 1° due to local attraction.
