| 38.930 | The W 1/16 sec. cor. of secs. 11 and 14. |
| ----- | |
| <p>GENERAL DESCRIPTION</p> | |
| <p>The lands included in this survey are located in Douglas County, approximately 12 miles northeasterly of the town of Myrtle Creek, Oregon.</p> | |
| <p>The drainage is southwesterly. The elevations range from 1300 to 2000 feet above sea level.</p> | |
| <p>Access is by way of logging roads branching from the North Myrtle Creek Road.</p> | |
| <p>The soil is composed of rocky clay in the higher elevations and clay loam in the creek bottoms.</p> | |
| <p>The timber consists of fir, hemlock, cedar, pine, yew, maple, chinquapin, oak, madrone, and alder, with undergrowth of salal, fern, poison oak, vine maple, rhododendron, arrowwood, blackberry, salmonberry, and huckleberry.</p> | |
| <p>there are patented gold mining claims on Lee Creek near the west boundary of section 14.</p> | |
| <p>The average of a number of readings over the area gives a value of 20° 00' E. for the mean magnetic declination, with a range of 1° due to local attraction.</p> | |
