Total	5138.91

General Description

All the land surveyed in this map is on or near the summit ridge of the Coast Range of Mountains and is well adapted for growing pine, fir or spruce except the flat bottom land in the bottom along the range rivulet which flows through the central part of the land. The demand for timber may make the land valuable in the future.

The above map is a subdivision of the original Township No. 29 South, Range No. 9 West, Willamette Meridian, as surveyed by the original field notes of the survey, and is in full accordance with the original field notes of the survey, and is in full accordance with the original field notes of the survey, and is in full accordance with the original field notes of the survey.

Ben. S. Johnson
Sur. Gen. of Ore.
