(Ren #14)

Renew 1/4 Sec Cor bet Secs 20 & 21  
Set a Rock 8x12x30"

Renew the SE Cor. of the Wm Hancock. Q. No 45  
Could not make the trees agree on this corner.  
so found by using slope measure and changing  
direction to the Alder given as N 76° W to  
N 66° W. they all check the cor. closely.  
All three trees are alive and standing  
Ed. Hancock testifies that the marks on  
tree N 76° W were visible 30 years ago  
The other two trees bear bark marks of  
22 S 7 W which was most unusual marks  
for original marks. I set a 4"x4"x40"  
oak post also an iron pitman bar  
from which an original B.T bears  
N 52° E 1736 ft. <sup>slope measure</sup> an original B.T bears N 64° E  
180 ± ft slope measure. an original B.T  
bears N 66° W 2065 ft slope measure.  
Marked a new tree 30" dia S 67° E 428 ft.  
" " " " " " N 4° 45 E 284 ft.

Darius Wells

Feb. 1921

Renew Hancock D.L.C. No 45 Interior "L" Cor.  
Located this corner from testimony given by Ed  
Hancock, as to the position of the witness trees,  
as this put me on a line run due North of  
the SE corner of the Claim with but 165 ft over  
measure from distance called for in field notes.  
also due West of <sup>N.E. inter. L Cor.</sup> Corner. I consider this as all of  
the evidence as possible to get and set a 4"x4"x36"  
post also 2" I.O. for Cor. from which

(Ren #15)

An Oak 20" dia bears N 45° W 31 ± ft.  
" " " " " " N 75° 15 E 68 ± ft.  
" " " " " " N 75° 40 E 65 ± ft.

J.J. Cole's Cor. bears

9 trees
