(Rev. #8)

✓ 1/4 Sec. Corner between Secs. 25 and 36.
This corner is a 12" Fir Tree with O.B.T.s as described in the original notes except the Fir S 40° E is 4 lbs dist. instead of 40 lbs.

Section Corner $\frac{26}{35} | \frac{25}{36}$

✓ Identified this corner by means of all 4 original BTs. located as recorded in the original notes.
Two of the old BTs were standing and in good shape but have been fire killed. I set a 4" seasoned Yew Wood post for the corner and replace the 2 dead BTs by a
10" cedar S 10° E 42.5 ft
10" " S 60° W 19° ft.
