Hathornes 1/4 Cor W side Sec 31.
Set from original B T, Laurel was nearly rotted away so I marked a new tree. an 18" fir S 80½ E 27 6/10
Set iron pipe 1"x24" for Cor also Maple post. 3"x3"x36"

#4 Corner to Secs 31-32-5-6
Set a flat rock, erected mound of rock marked with a + with a Rock on top bearing old mark. S T
Flat rock 6"x12"x18" from which original B T Laurel with scribe marks rotted off.
N 30° E 16 5/10 ft.
Laurel bearing old scribe marks N 15° W 66 ft.
#5 Fir B T bearing scars which I did not open bears S 75° E 12 ft.
Original oak B T down and decaying bears S 43° W 28 4/10 ft.
Corner as set by Gordon Stewart bears N 85° 30' W 36 7/10 ft.

#6 1/4 S boundary of Sec 31.
Could find no evidence of the original B Ts I determined the original position of this corner from the lie given in field notes of the McCulloch D.L.C also by testimony of W H Coats who claimed that he had been told by Tom McCulloch that he had dug out witness trees while preparing the ground for a garden. Also the lie given by the field notes of the Twp line to the creek checked within a few feet. The old fence line built on the line for the Thomas Coats Cl. if continued would
