Douglas Co. Surveyors Office - Randall W. Smith, Deputy -  
Stephen J. Flause - 4/24/2009 - C.S. File 67/28-32

-----  
Search made for C $\frac{1}{4}$  as determined by Briggs in 1889 (Vol. 1  
Pg 30) Ren. #13

Opened a 32" dia., pine which showed evidence of being  
opened in the past. Fence wire is grown into the center of  
the tree. No blazes or scribing found. Tree appears to be  
too young. We got 90 years of growth 9" into tree record. BT  
was a 20" pine and we would need 130 years on 6 inches.  
Found old fence posts and down wire that intersect near a  
point approx. 75 ft. south of opened pine tree. Old down  
fence lines run north & west.  
No evidence of 1889 BTs found.
