

Roseburg, Oregon,

May 3, 1917.

Mayor Banker,
Sutherlin, Oregon.

Dear Sir:-

I have figured the acreage of Lot 12, Block 2,
Flat O, and find that the amount is 13.34 acres.

The true lot corners on the North are in the road.
On the West, one of them is in the road. Taking the measurements
and adding the distance from center of road to side of road the
figures check with the filed plat. There is probably about three-
quarters of an acre of your lot that is in the road on the North
and West sides.

I enclose herewith statement for my services in this
matter.

Yours very truly,

C. S. File No. 22/3
