

Began survey of the  $\frac{1}{16}$  cor established  
on the line - DeBernardi survey  
at a pt  $N 0^{\circ} 27' E$  1301 ft from sea on 10-11-44

Thence  $N 89^{\circ} 33' W$  1320' when I placed  
an IP  $1' \times 24''$  + a cedar stake for the approx  
center of the SE Cor Sec 10.

Thence I ran  $N 0^{\circ} 27' E$  196.5 ft to an  
IP  $1' \times 20''$  which is the beginning pt  
of the desired line.

Thence  $N 0^{\circ} 27' E$  492 ft to bank  
of river

Then east to place of beginning  
and ran  $S 89^{\circ} 33' E$  367.4 ft to a  
IP  $1' \times 24''$  which is S.E. Cor.

Thence  $N 0^{\circ} 27' E$  543 ft to bank  
of river  
with fence is 200 ft. Bearing taken
