

Center of Sec. 22

S 25 E 4 Sec. 22

North Myrtle Creek

56025 W 1204.9

12870 (B. 1973 Survey 5/21/1890 shows 13268 to center of North Myrtle Creek)

10302 293°

22 23
27 26

Note: Platted from Deed Records as noted. From original Government survey; and from W. F. Briggs survey for Seleg & Metz 5/21/1890

Deed from Counts to Fizette gives length of South line as 505 ft. This is manifestly impossible, since the distance from $\frac{1}{4}$ cor. to Fizette S.E. cor. is 445 ft, and the center of North Myrtle Creek is Fizette's West line. Original Govt survey shows center of creek as being 191 ft East of $\frac{1}{4}$ corner

PLAT OF
A. B. COUNTS PROPERTY
SECTION 22, T29S, R5W, WM.
DOUGLAS COUNTY, ORE.

OFFICE OF BEN B. IRVING
COUNTY SURVEYOR
