The approx. center of NW¹/₄ of Section 19, T 31 S, R 11 W, W.M. as determined by the intersection of the old blazed cutting lines as I ran them 3 years ago.

At corner point I set a 1/4" x 30" IP, from which a Cedar 6" diam, bears N 1/4 E, 470' dist. mkd P.C. B.T.
