

NOTE:
 COLTON'S ADDITION to DRAIN was filed April 1890 and vacated May 1901. MICELLI ADDITION to DRAIN was filed Nov. 1906 and vacated Dec. 1922. MICELLI ADDITION consisted of the WEST portion of COLTON'S ADDN. with identical lot and block arrangement and numbering system. The WEST half of MICELLI ADDN. is computed as that part WEST of the WEST boundary of KALMIA ST. Mr. Cowls indicated the division line as the centerline of KALMIA ST.
 Meres and Bounds descriptions included in Mr. Cowls' deed are apparently based on a map prepared for the OREGON WESTERN RY. (dissolved Dec. 1915). A blue print copy of this map belonging to Mr. Cowls has been used in the compilation of this map as it explains certain discrepancies between the several descriptions.
 The description of the 1.45 acre tract checks the WEST boundary of KALMIA ST. as being the division line between the EAST HALF and the WEST HALF of MICELLI ADDN.
 County Road Records fail to show any County Roads in the area shown on this map.
