The Mayor and the council of the City of Winston are planning on draining the area adjacent to the Winston elementary school and if the required right-of-way or easements can be acquired, drainage will be located between Botsfords Plat and Gurney Add., between Tee St. and Highway 42, which will destroy the monuments set for some of the lot corners.

The corners which are still in existence have been referenced and a record of their locations as far as the references is concerned, is shown on the annexed sketch which sometime might be required by one of the owners of the lots which adjoin.
