Also Found

Iron Pipe set By Frear, lying on surface of ground.

By using metal Louster found 1963 cadastral Brass cap mtd.

T228 RBW

59 | 1547

1963

This cap buried under 10" of soil, apparently disturbed by errant cat skinning during logging operation.

Said cap reset at proper location, with Iron pipe along side

Note.

This cor lies on top of ridge running SE approx 150' North of log landing
