

C.S. Notes for Cor. of $\frac{19}{30} | \frac{20}{29}$

T 20 S - R 6 W

I found the BT's in Sec's. 20 & 30 as described in the govt field notes but the ones in Sec's 19 & 29 were down and rotted so I marked:

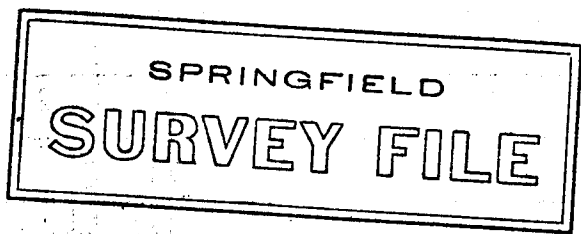

30" R. fir N 48 W 41 lks.
40" R. fir S 44 E 66 lks.

There was no sign of a post left so I set 4" Dogwood post mtd. S 19, 20, 29, 30 according to the notes on the 2 BT's left standing.
