

N.F. T205 ROW

V 521
14 528

We failed to find any
TREES that had ever
been scribed - we cannot
find any I.P. - a maple
tree - now 12" dia. has
a tag but is not scribed
or marked in any way to
indicate it is a BT. - The
only older we find has
some blazes on 3 sides
No scribe - The area is
very steep & has been
cleared - in my opinion,
even the Rem. # 9 cor
has been destroyed.
