

Fd. ? COR.  $\frac{56}{55}$   $\frac{T235}{T245}$  R8W #59

FROM COR. OF  $\frac{531}{532}$  OF 23-8, we go

West 50.2 Ft. & Find the following

possible BITS -

40" Fir Stump S. 70° W. 19 1/2 ft.

We chop open & find old Axe face & Notches, but No scribe marks.

26" Hemlock Stump N. 57° W. 16 1/2 ft.

chop open & find Axemks & No scribe

MARKS - Both Stumps fit good FOR BEARING & distance as called FOR. in Orig. Notes.
