

FIELD NOTES

Of the Survey for the Restoration of the quarter-section Corner common to Sections 3 and 4, T.23 N., R.12 W., S.1. N.W.

Surveyed by Joan Ewen, July 14, 1967

Beginning at Point A, shown on the accompanying map, an iron pipe found N. 9°23'10"W. 125.21' from the corner common to Sections 3-4-10, S.25 N., R.12 W., S.1. N.W., an iron bar identified and accepted by the adjacent Property Owners as the true Corner, triangulated across the Lake to Point B, N.10°23'50"W. Then I established a base, S.89°25'10"W. 191.9 ft. From Point A, to a point from which Point B bears S.1°44'20"W., giving for the bearing from the Section Corner to B S.4°52'30"W., and a distance 121.25-198 ft.

Thence I traversed from Point B a truck trail, as follows:-

|                                   |                                    |
|-----------------------------------|------------------------------------|
| From B to C, S.64°00'W. 227.3 ft. | From 12 to 11 S.11°19'W. 266.8 ft. |
| " C " D S.28°41'W. 200.1 "        | " 11 " 10 S.3°53'W. 146.2 "        |
| " D " E S.15°45'W. 93.85 "        | " 10 " 9 S.16°48'W. 120.5 "        |
| " E " F S.7°42'W. 451.6 "         | " 9 " 8 S.5°43'W. 305.6 "          |
| " F " 19 S.20°36'W. 51.9 "        | " 8 " 7 S.11°12'W. 132.7 "         |
| " 19 " 18 S.9°28'W. 136.6 "       | " 7 " 6 S.6°15'W. 118.4 "          |
| " 18 " 17 S.42°08'W. 355.9 "      | " 6 " 5 S.11°08'W. 283.7 "         |
| " 17 " 16 S.42°31'W. 251.8 "      | " 5 " 4 S.0°23'E. 77.6 "           |
| " 16 " 15 S.29°11'W. 154.7 "      | " 4 " 3 S.70°33'E. 276.8 "         |
| " 15 " 14 S.11°30'W. 141.6 "      | " 3 " 2 S.27°08'W. 169.7 "         |
| " 14 " 13 S.13°43'W. 231.8 "      | " 2 " 1 S.16°49'W. 115.5 "         |
| " 13 " 12 S.43°34'W. 66.9 "       | " 1 to the S.E. Corner Sec.4       |

S.27°23'W. 114.6 ft., a 3"x6" post, identified and accepted by the adjacent Property Owners, reported to have been established in 1946, and from which Post a 40-inch blazed stump (no identifiable marks) bears S.25°W. 50.4 ft., and an 18-inch fir, blazed and with a S.E. metal corner marker bears S.50°W. 34 ft. The area having been logged off, no other identifiable marks or evidence of original lines could be found.

The bearing of the line between Sections 3 and 4 is therefore calculated as being S.9°15'15"W., and the distance between the north and south section corners 5,124.87 ft., whereas the field notes of the original Survey give this distance as 79.70 chs. or 3,230.2 ft.

I reestablish the quarter section corner S.49°46'53"W. 107.95 ft. from Point B of my traverse, and by dividing the difference proportionately between the two distances 2,571.28 ft. north of the S.E. Corner Section 4. I set a 1-1/2 inch steel bar, 36 inches long 30 inches in the ground, and mark as witnesses:- a 14-inch maple, bearing S.49°41'W. 10 ft., and an 11-inch alder bearing S.45°W. 7.5 ft.

I also set a 1-inch steel bar, 36 inches long 30 inches in the ground, on the calculated line between the two section corners, midway between the S.E. Corner Section 4 and the quarter section corner above, for the quarter-quarter section corner, 1,235.64 ft. from the S.E. Corner Section 4, and S.74°24'47"W. 117.04 ft. from Point B of my traverse.

I hereby certify that I have carefully made this survey and placed the monuments as described in the above field notes, and as shown on the accompanying plat of this survey.

July 14, 1957

Scale: - 1 inch = 500 feet

We the undersigned owners of  
lands in Sections 3 and 4, T. 23 S. - R. 12 W.,  
directly affected by the line between  
these Sections and the Corners thereon,  
herby consent to the Survey hereof and  
accept the line and Corners established  
by this Survey and as shown on the above  
Plot as true and permanent.
