Dear Sir:

In a recent survey for James Peck of Smith River, I re-monumented the quarter corner between Sections 15 and 16 of Township 21 South, Range 11 West. Mr. Peck, a third generation resident on the family ranch, showed me the location of the quarter corner where he has always remembered it, and I'm sure he would be willing to give testimony as to the fact.

From the possible original 8" alder B.T. (now 20") which brs. N 48° E, 14.5 ft.; axe marks, but no scribe

Set a 3/4" I.P. from which:

Found a 3/4" I.P. in a fence cor. with fence lines running South and East.

Distances for the new B.T's were taken to 50d. spikes driven in the center of each tree.

Yours very truly,
