N A R R A T I V E

The purpose of this Survey is to split a 10.89 acre parcel into 2 parcels.

The field crew used on this Survey was: Darrell Jones, Marc Holt, and Richard Hanson.

The instruments used were: Lietz TM-6 Theodolite, K & E Auto Ranger EDM and Steel Chain.

The Basis of Bearings is the Southwesterly line of the Survey filed under M55-9 in the County Surveyors Office. We found all of the 5/8" iron rods set in prior surveys, as noted on the annexed map. I then Surveyed the Subject property into two parcels, set the corners and wrote the necessary descriptions including the new easements.
