Narrative

OBJECTIVE:

To define boundaries of a portion of Lot 4, Block 1, Pleasant View ~~addition~~
and to partition same into three parcels.

CONTROL:

Base bearing was obtained from establishing the centerline of Kenwood St.
and applying the calculated plat bearing to same. A high board fence
demarks the south line which conforms to the plat bearing. The west line
is a line from the southwest corner of Lot 4 extended through a point
equidistant between two concrete block buildings. The east line is 20 feet
west of the centerline of Kenwood St. The north line was determined by
measurement and making it parallel to the south line.
