Previous Renewal #'s 34, 150

Monument(s) Found: (Condition and Source) a 5/8" x 30" iron rod  
lying loose on surface of ground and a scattered mound  
of stone from renewal #34. A brass cap from  
renewal #150 is missing.

Accessories Found: (Condition and Source) An original 15" B. oak now a 26"  
stump bears N48°W 15<sup>3</sup> ft., some evidence of a blaze  
but center is rotted and burned, no scribing  
evident. An original 20" B. oak now 42" stump  
bears N55°E, 36<sup>3</sup> ft., some evidence of  
possible healed blaze, center of stump is  
rotted and burned, no scribing evident. Above  
distances were measured from original

face diameters of stumps to center of remaining evidence of mound of stone (see renewal procedure)

From renewal #150 two trees a 14" now a 15" B. oak bears S5°E, 87<sup>2</sup> ft. (record S4°E, 87<sup>2</sup> ft) with a

double blaze scribed "DLC 64 T27S R6W CS BT" and partially healed. And a 15" now 16" Madrone bears N42°E, 64<sup>5</sup> ft (as per record) with a double blaze scribed "56 T27S R6W CS BT" and partially healed.

Monument Set: (Procedure and Description) After checking

record distances from center of root crowns of original BT stumps an finding bearings take off it is assumed original distance were made as face measurements; checking this assumption by measuring and intersecting original record

New Accessories: (Description) distances from original

10" and 20" BT diameters it is found that bearings to BT's are of record and corner location falls near center of remains of mound of stone from renewal #34; this location

is accepted as the corner position. We set a DCSO Bronze drill cap in sandstone bed-rock over which
