SUBJECT: Correction to Survey M 92-8 <i>7-2/15</i>
--

Due to a scrivener error the bearing on the R.O.W. of Douglas Ave. on the subject survey is going the wrong direction. Bearing should read EN 89° 37' 00" W, not N 89° 37' 00" E.

I would appreciate it if your office would make this correction to the survey.

Thank you.
