Dear Mr. Monrean:

This letter is in regard to the plat I filed for International Paper Company in the NE 1/4 of Section 24, T23S, R6W, W.M. I will allow you to make the following changes on this plat:

1. Change the bearing on the 31" fir at the Center 1/4 Corner from S65-1/2E to S65-1/2W
2. Note that the 40" cedar and the 48" fir at the Northeast Section Corner are original bearing trees.

Sincerely yours,

Daniel W. Baker, PLS
