To whom it may concern:

Regarding the 1/4 corner between Sections 15 and 16, Township 21 South, Range 11 West, Willamette Meridian.

The pipe which surveyor Hintz set in 1977 for this corner is in the location that I have always remembered for the 1/4 corner. I am a lifelong resident of this area and I have known this location for this corner since the early 1940's and it has been used by other surveyors as far back as that time.
