

Survey No.

Made for Chas. E. Amstrong

55.00 Aug. 27. — Began at the north-west corner of sec 24 and ran south on random line. No evidence of old line or old corners could be found. Diligent search was made, at 7 1/2 lbs west of temporary ^{stake} set previous evening. I set 4 lbs west of said temporary stake and continue random on south. The whole crew make search at every 80 + 40 ch point for old line and corners but none could be found. at 120 chs from the starting corner I set temporary stake.

Aug. 28. — Continue random line on South and search for old corners. at 160 chains from beginning corner set temporary corner.

38.60 Aug. 29. — Continue ^{random} line on South at 222.50 chains intersect old blazed ^{township} line and set temporary ^{stake}. I make an extensive search here for corner but none in evidence. Follow old blazed line west and find 1/4 corner for sec 35 on South side. The corner was set and old BTs standing as per ^{long} field notes. I begin at this corner and retrace East ^{along old line} at 38.60 I fall on corner for secs. 35 + 36. Old corner still preserved and BT still standing as per ^{long} field notes. From this corner I continue on E or retrace and at ~~222.5~~ 19.20, chs I fall 5 lbs South of temporary stake previously mentioned. I make random line from North West corner of sec 24, 222.50 chains long and makes bearing of true line S 7° 56' W.

40.00 Aug 30. — Began survey at 1/4 corner between secs. 22 + 23. ran South on random line at 40.00 Set temporary stake and made prolong search for sec. corners; none could be found. From temporary stake just set I ran East on random line and searched for old line and corners, but none in evidence, at,

80.00 chains from temp. stake I intersect my South random line 4.05 chs North of the 80.00 ch temporary previously set.

Aug 31. — Began at the sec. cor. for secs 19, 20, 29, and 30. Old corner rotted but all the bearing trees standing. I set temporary stake for old corner and
