

County Surveyor's Record, Douglas County, Oregon

Survey No

Made for O L Willis

JP 295 RBW

Feb 19-1915

Begun at NE cor of AF Weller T2C N45 T295 RBW - ran 20°03 E

South 3

3500

West

11.25

Am unable to find original BTs

Find evidence of a blazed line N75 S or NW corner by setting post 4x4x3/2 marked C145 T295 RBW 65 from which

a fir 12" in dia marked C5 C45 T295 RBW bears S15°W 49 lks

130 " N6°W 24 "

South

5179

(5200 in field notes) Hyman recently and as president of the county

informs me that a maple stump is one of the original BTs and

this agreeing with the field notes I re-run the corner by setting

a post 4x4x3/2 marked C45 T295 RBW 65 from which

a maple 14 in dia marked C5 C45 T295 RBW bears S20°W 8 lks

16 " N72°W 72 "

West

1363 chs

(1375 chs in field notes) and set SW cor on a line previously run

and on a line of blazes from the NW cor. Run SW cor by post,

4x4x3/2 marked C45 T295 RBW from which

a fir 48' in dia marked C45 x bears S70°W 11 lks,

N1

Note - from the NE cor I run a random line West 2469 and

intersect 24 lks South from corner This makes my chaining

long about 31 lks in 2500 chains
