I then went to the ¹⁷ corner between ⁸ and ¹⁷, which I had previously established and ran a random line West to the Section corner 7-8-17-18 which I establish from original bearing trees. I then calculated this true line to be S 88°27' E 2610.7 feet.

I then calculated the acreage of the ~~S 88~~ of Sec. 8 and found it to be 151.9 ~~ac~~.

All lines were transit lines, Bearings are from sun observation, All lines chained with a steel tape using slope measurements.
