---	--

WICIS USE

A Buff & Buff Transit with plates reading to one minute of arc, in good adjustment and repair and all angles were doubled. All chaining was carefully done by experienced chairmen using a 300 ft. Chicago Steel Tape in excellent condition. Measurements were made on the slope, vertical angles were carefully recorded and distances were reduced to the horizontal.

The attached map is a part of this record, and shows the results obtained by this survey.

All field notes and computation sheets are in the files of the County Surveyor's Office in Drawer 43 Envelope 24.

DEPUTY COUNTY SURVEYOR
